Immiflex®

Containing Wellmune WGP and Vitamin D

European Nutripharm Limited

IMMIFLEX® Nutritional support for your Immune System

Immiflex is designed to support the efficient functioning of the innate immune system. Immiflex contains Wellmune WGP a patented beta 1,3/1,6 gluco polysaccharide extract of the Baker's yeast (*Saccharomyces cerevisiae*) cell walls. Wellmune WGP is protected by more than 40 patents and has shown promising immune support properties in research trials.

Nutritional information per 1 capsule:

250mg Wellmune WGP Beta 1,3/1,6 Gluco Polysaccharides (min. 80% - naturally derived from *Saccaromyces cerevisiae*) and 25 µg Vitamin D3.

Ingredients: Beta 1,3/1,6 Gluco Polysaccharides, Hydroxypropyl Methyl Cellulose (capsule shell), Inulin, Tri-calcium Phosphate, Vitamin D3 prep (Sucrose, Gelatin Hydrolyzed, Corn Starch, Partially Hydrogenated Soybean Oil, Magnesium Stearate.

Directions: Adults and children – take 1 capsule daily with water. Do not exceed the recommended intake (unless recommended by your doctor).

Store in a cool and dry place out of reach of children.

Food supplements should not be used as a substitute for a varied and balanced diet and healthy lifestyle. **If you are pregnant or lactating consult your healthcare provider before taking this product.**

Manufactured at C. Hedenkamp GmbH, Germany, under Pharmaceutical Quality Control for:

Carepharma UK Ltd., Milton House, Gatehouse Road, Aylesbury, Buckinghamshire, HP19 8EA, U.K.
